Budget Ryokan with 5 star service

I really enjoyed my stay here. I booked a dorm room and when I arrived, I had the room all for myself. The assigned section is spacious it feels like you rented a room. The bed was very comfortable and they give u toothbrush, yukatas, and towels every day of your stay. The owner and staff were gracious and helpful they even went out of their way to give me the details for Nabana no Sato.

They have free coffee, ice, tea. Restaurants around the area are good as well.

The public bath was nice and they provide u facial products. All in all, it was like staying in a hotel for a fraction of the price

It's a bit of a walk to Nagoya station but it's not a major deal breaker.
