

A Message to Parents with Children under 12 years old

1. Since other guests recognize there are no children here, we would appreciate it if you would control your children they should behave as an adult with good manners.
2. Our facility is very old and its design is too delicate for rough play. Please be careful that they don't get injured by getting caught in a door or falling from the verander, and so on.

*To guests who made a reservation through a third party
(e.g. travel agency)

⇒ Our age restriction is clearly shown on the website.

We are sorry for any inconvenience.
