Defference of Japanese garden and French garden

Symmetrical design is used for French garden to express orderly beauty. However, Asymmetrical design is used for Japanse garden, in order to express natural beauty.

Let's go to Japanese Garden!

🗪 日本庭園へ行こう!

浄土(Joudo)

People in olden days believed that there were some lotuses in heaven, so people made the gardens that had lotuses in the pond. That is Joudo Garden. The Joudo Garden often made in Heian era.

3 kinds of Japanese Garden

池泉(Chi-sen)浄土(Joudo)枯山水(Kare-sansui)

Japanese garden can be devided in 3 kinds.

①池泉(Chisen)

The garden has a pond in the center, and it has trees, moss and so on around the pond.

②浄土(Joudo)

There are some lotuses in the pond.

③枯山水(Kare-sansui)

The garden liken sand or moss to pond or river.

枯山水(Kare-sansui)

Kare-sansui Garden never has real water, but it use white sand ot moss are used instead of real water. Kare-sansui Garden is called the mirror of our mind, because it express Japanses nature symbollicaly.

コラム 露地は非日常への入り口

露地とは茶室に至る簡素な茶庭のこと。安土桃山時代、茶の湯の発展とともにわびた風情の新たな庭園デザインとして出現。庶民層にも広がりました。露地の門を通った客は、山中を模した庭の中を飛び石や延段(石張りの通路)を伝って茶室へ導かれます。茶室に入る前に雑念を払い、心を穏やかにする空間です。手を清め、口をすずぐための手水鉢の配置も露地の特徴です。

Chisen Garden has a pond in the center of the garden, and there are some tree, moss, or something. You can enjoy the beautiful scenery of each season. Ancient lords might enjoyed taking a walk around the garden.

Enjoy

Plantation

You can enjoy the harmony and the atmosphere of the garden

教えてくれた方

彦根城管理事務所 川口大輔さん

徳川家康の命により彦根城築城を開始した慶長9(1604)年は、まだ戦乱の世。玄宮園・楽々園の辺りは、大坂だとの決戦に備えて城を防御するための場所でした。庭園ができたのは泰平の世になってからです。玄宮園・楽々園も彦根城天守と同様に、歴史と伝統を踏まえた補修・管理を行っています。歴史的遺産の庭でのひとときをお楽しみください。
