Good blend of modern and traditional! Recommend trying the onsen! Staff were very friendly!  
5-10ins walk from Nagoya castle, only downside is how far from a train station 😊

It feels great to see you loved the atmosphere combining traditional and modern elements.

Our inn is 20 minutes from nagoya station on foot, but it would be good for you to use taxi when you come to our inn. Thank you for your comment. We are looking forward to seeing you again.
