5/5

The owner is super friendly and lively. He has thought out his ryokan in detail and catered to everything that a guest may need or want. He speaks enough English for communication. I think the place is quite old but it's so incredibly clean and well-kept that it wasn't an issue. Additionally, the futons were extremely comfortable. There is also a mini onsen facility. Very humble and traditional

Thank you for staying with us and your kind message.

As you said, our facility is old, but I sometimes become a gardener, at other times become a carpenter or cleaner, work hard to keep our hotel clean and beautiful everyday.

I'm so happy to hear that you fully enjoyed Japanese culture and have a wonderful stay. We are looking forward to seeing you again, Thank you.
